

E.A.R.S 2 METER NET CONTROL SCRIPT

USE YOUR NAME & CALL SIGN

Calling all amateur radio operators. This is ..., call sign phonetically ... my name is ..., and I will be acting as net control for the Easton Amateur Radio Society's weekly 2-meter net. This net is conducted every Tuesday at 8:00 pm. Using the club repeater, K3EMD, which is located in Trappe, MD. The purpose of this net is to exchange information of general interest to the E.A.R.S. members and any other amateur radio operators within reach of our repeater and to support and advance the general welfare of the Amateur Radio Community. This is a directed net, so please direct all inquiries and comments through net control.

1. Before I begin, are there any stations with emergency, priority, or time valued traffic? If so, please check in now !
- 2. Are there any Echo-Link stations wishing to join us tonight. (Wait for a full minute then move on)**
3. Are there any mobile stations wishing to make an initial contact before driving out of range of our repeater or arriving at their destination? Mobile stations only please check in now !
4. Next, I will be taking Fixed stations please give me your call sign and QTH, please use phonetics and please go slow ! This is your call sign, Net Control. **I acknowledge the following checkins**
5. Tonight's topic will be _____? _____

Conclusion:

This concludes tonight's Net ! I want to thank everyone for checking in ! All amateurs and those who are interested in ham radio are invited to our monthly club meeting held on the third Tuesday of the month, at the Easton MD. E.O.C center located on Port Street. The meeting starts at 7:00pm. Check out our web site www.k3emd.com.

I will now return the repeater back to normal use. This is your call sign
.....

CLEAR !!
