

E.A.R.S. 2 Meter Net Script

Calling all amateurs, this is _____, (Call sign in phonetics) my name is _____ and I am located in _____ and will be acting as net control for the Easton Amateur Radio Society's weekly two meter net.

This net is conducted every Tuesday at 8:00 p.m. using the club repeater, K3EMD, which is located in Trappe, MD. The purpose of this net is to exchange information of general interest to the EARS members and any other amateur radio operators within reach of our repeater. This is a directed net, so please direct all inquiries and comments through net control.

Before I begin, are there any stations with emergency or priority traffic?
If so please check in now.

Hearing none, are there any mobile stations wishing to make an initial contact before driving out of range of our repeater or arriving at their destination? Mobile stations only please check in now.

Mobile stations,

Next, I will be taking fixed stations, give me your call sign, name and QTH. This is KA3DCO.

Acknowledging the following check-ins:

In event Echo Link is turned on let repeater rest for thirty seconds and see if there are any check ins Echo Link only please check in now.

Beginning at the top of our list,

After a few operators have spoken put out a call for additional check-ins.

When certain there are no more check-ins and/or comments

This concludes tonight's net. I want to thank everyone for checking in. Anyone interested in amateur radio is invited to our monthly club meetings held on the third Tuesday of the month at 7:00 p.m. at the Talbot County EOC located at 28640 Mary's Cot, Suite 200 in Easton. For additional information visit club web site at www.k3emd.com.

Again ... Thank You for checking into our net tonight ... 73

I will now return the repeater back to normal use! This is KA3DCO
